This relief lacks the specificity required on a submission as it does not allow other potentially affected parties to understand the implications of the relief sought, including the spatial extent of the Areas of Interest. The Areas should be identified through the District Plan preparation process already, and if not, then introduced by way of a Variation to the Proposed Plan, rather than by way of submission. 					any protection, preservation or enhancement proposed.			
S394.025	Haititaimarangai Marae Kaitiaki Trust	SASM-P4	Support in part	Haititaimarangai Marae has had a number of experiences where Council has accepted no or very high level consultation as sufficient for the purposes of drawing conclusions on the scale of cultural effects. Haititaimarangai considers greater guidance is needed. It is difficult to see how this approach assists Council in the proper exercise of its functions or to achieve the RMA's purpose. Hapū are specialists in their own tikanga. Any cultural impact assessment should be endorsed accordingly.	Amend Policy SASM-P4 as follows: Consider the following... : a. the <b>extent of engagement</b> outcomes of consultation undertaken with iwi, hapū or marae that has an association to the site or area; b. whether a cultural impact assessment has been undertaken by a suitably qualified person who is acknowledged/endorsed by the iwi, hapū or relevant marae, and any recommended conditions and/or monitoring to achieve desired outcomes; c. ... d. that tangata whenua are specialists in the tikanga of their hapū or iwi, including when preparing or undertaking a cultural impact assessment; and e. any protection, preservation or enhancement proposed; and <b>f. the scale of effects on any cultural values.</b>		Reject	Section 5.2.3 Key Issue 3: Policies

S483.191	Top Energy Limited	SASM-R3	Support	Top Energy considers that there is a lack of clarity throughout the PDP in terms of how the Chapters interact with each other, and some consistency. The Overlay chapters are one example and are inconsistent with respect to referencing rules for "activities not otherwise listed". The How the Plan Works chapter includes a statement that indicates some overlays will automatically default to a permitted activity, however resource consent may still be required under other Part 2: District-wide Matters chapters and/or Part 3: Area-Specific chapters (including the underlying zone). Some Chapters include notes which provide some clarity in this regard (e.g. Heritage Overlay) however this isn't consistently applied through the overlays or the District Wide Chapters generally. Some overlays include a catch all 'activities not otherwise specified' activity status (e.g. Treaty Settlement Land Overlay). Some overlays don't.	Amend all relevant overlay chapters as necessary to insert rules for "Activities not otherwise listed in this chapter", consistent with zone chapters.		Accept in part	Section 5.2.4 Key Issue 4: Rules

				This lack of consistency (coupled with inconsistent terminology) will cause confusion for Plan users and ultimately, impact the integrity of the plan. This is particularly relevant in the Overlay chapters where each Overlay chapter has a different approach to activity status default rules. With specific regard to the permitted activity default, it is noted that this could lead unintentional consequences.

S91.004	PF Olsen Limited	SASM-R5	Oppose	There are well established procedures in place and a significant depth of knowledge in the plantation forest industry with regards to sites and areas of significance to Māori. Protocols include discovery and/or management of sites and areas of significance to Māori that include consultation with local Māori and obtaining Authority from Heritage NZ for the removal of any plantation trees and/or wildings on those sites. There is no provision for non-complying activities under the Natural and Built Environments Bill.	Amend the activity status to Controlled for plantation forestry activities and Permitted if an Authority has been granted by Heritage NZ.	Reject	Section 5.2.4 Key Issue 4: Rules
FS51.131	Heritage New Zealand Pouere Taonga		Oppose	HNZPT wishes to highlight that an archaeological authority addresses tangible matters of archaeology and not intangible matters such as cultural values which maybe the reason for the identification of a SASM site. S1.001	John-Peter Nilsson Trust and Anne-Marie Linder Nilsson	SCHED3 - Sites and areas of significance to Maori	Oppose	Opposes to the part of his paddock being designated as an area significance to Maori (MS01-33). Submitters note that the area has been moved to a different part of their paddock which they consider is of no significance to Maori, there is nothing in this area except some rush bushes and grass, it has been this way for generations and prior to the area being developed it was simple scrubland. Submitter considers that identifying this area as of significance to Maori is clearly a mistake and probably was supposed to refer to a significant lake which is on the adjacent property (Shenstone forestry).	Delete MS01-33 from Schedule 3 of the Proposed District Plan (and planning maps) so that it is removed from the submitters property (at 8779 State Highway 1, Northern Aupouri) entirely. FS328.001	Te Runanga o Ngati Rehia		Support in part	<p>Ngāti Rēhia has recently found a mapping error relating to the location of MS06-34 in Takou Bay as shown in the District Plan map. Further, Ngāti Rēhia considers that some details given in respect of MS06-34 and MS06-43 in Schedule 3 - Sites and Areas of Significance to Maori require corrections and updates. Ngati Rehia notes that the area of Maori Reserve (MS06-34) is incorrectly mapped within Takou Block. With regard to the details given for these two sites, TRONR confirms that this Maori Reserve now falls under Takou Reservation Trust.</p> <p>The full legal description for the site where Maori Reserve (MS06-34) is located is also not included in Schedule 3. No legal description is given for the land where Orongo Pa is located.</p> <p>Ngāti Rēhia holds mana I te whenua and mana i te moana over the traditional rohe of the hapū that covers the area of Takou Bay.</p>	<p>Allow in part</p> <p>Amend MS06-34 to reference the 'Takou Reservation Trust' as requiring party and 'Takou East D4 Block' as the legal description; Amend MS06-43 to reference 'Ngāti Rēhia iwi/hapu' as the requiring party and 'Takou Block ' as the legal description.</p>	Accept in part	Section 5.2.7 Key Issue 7: Schedule 3 and Planning Maps

S5.002	Michelle Patricia Nilsson-Webby Family Trust	General / Miscellaneous	Oppose	On the Historic Sites map there is reference of a Pa very near the boundary of DP 14043 Paua No2 BLK111. There is no such Pa. There are some earthworks which consist of an earth wall which are of historical significance but not part of a pa. Request that the description be corrected on the Historic Sites map as it is currently incorrect and misleading.	Amend NZAA ID N02/816 reference to reflect that the earth works are of early European origin and are not part of a pa site.	Reject	Section 5.2.7 Key Issue 7: Schedule 3 and Planning Maps
FS51.128	Heritage New Zealand Poutere Taonga		Oppose	HNZPT's primary submission (409) supports the retention of scheduled heritage records.
