

Far North District Council  
Te Hiku General Ward  
Electing 2 Councillors

---

---

**Mate RADICH**

My principal place of residence is in the Te Hiku General Ward area.

I am privileged to live in the wonderful Far North and community. However in my 12 years as a councillor I have been frustrated in this Councils slackness for better infrastructure and prompt action for request for services. The Far North is growing at a fast pace and our infrastructure is lagging behind; especially roading, waste water, and that long delay to get quality water to Kaitaia residence from the Sweetwater Acqifer. This Council has gone mad on cycle trails and sporting complexes that have cost ratepayers millions of dollars. At this moment there are a number of sporting venues on the verge of closure. Good side; the increase of unsubsidised funding for new scaling continues. I will continue to refuffle feathers to produce better service and ongoing services that will help the Far North to prosper.
