**Boyd HOHEPA**

My principal place of residence is in the Ngā Tai o Tokerau Māori Ward area.

Tena Koutou Katoa. My name is William Albert Boyd Hohepa.

I'm more commonly known as 'Bim'. I'm 60 yrs of age and lived in Kaikohe all my life.

I'm interested in the decisions made in council and the effect these decisions have on communities, more on the Maori Communities.

The biggest concern for me is 'Climate Change' and the planning by council to combat this threat which will affect the low lying areas, not only in Tai Tokerau, also 'Aotearoa' and 'Te Ao', the World!

Another concern is resources aimed at Rangatahi, the youth and young adults and how the resources are being used to help the Rangatahi of Tai Tokerau.

I believe in Top Down - Bottom Up Management Techniques as this style gives me more feedback on issues Positive and Negative. Brainstorming possible solutions for positive recommendations with optimum outcomes, then analysing the hyperthetical to the Actual outcomes.
