My Name is Clinton Dearlove and am a proud descendant of Ngapuhi nui tonu. My Kaupapa is to aid the Hapu of who the FNDC is in their rohe, in the transfer of Wealth and Governance of their assets back to those Hapu to which they belong.

Through the use of future technology today and teaming with Universities, Industry and combining the North for opportunities in Research and Development especially for Municipal waste, food and water security, space industry and environmental protection we can lead regional growth in Aotearoa. Homes for our people and sealed roads to get them there. Invest in the West Coast and watch the North grow. I am SOVEREIGN.
