Te Runanga o Te Rarawa.	Part 1 Introduction and General Provisions	How the Plan works	Relationship between spatial layers		The Proposed Map Tools includes 14 layers. There is no spatial layers setting out the area of interest relevant to each iwi/hapū management plan.	<p>Provide a map layer which maps the area of interest for each of the iwi/hapū management plans lodged with Council. The interactive map currently includes Treaty Settlement Areas of Interest (under the 'Non-Council Layers' tab), but these are not the same thing.</p> <p>We suggest 'Iwi/hapū Management Plans' be a separate "top" layer (i.e. along with Zone, Non District Plan Layers, Historical and Cultural Values, Specific Controls etc) with the 14 areas sitting underneath it, and not included within the 'Historical and Cultural Values' layer so that it is easily accessible to plan users. Alternatively, it could be included under the 'Non-Council Layers' tab. The maps could also link to the documents.</p>
Te Runanga o Te Rarawa	Part 1 Introduction and General Provisions	Tangata whenua	Iwi/Hapū management plans		Te Rūnanga o te Rarawa's submission that the term 'iwi/hapū environmental management plans' should be defined was accepted, but this has not been included in either the Tangata whenua section or the definitions section of the online version of the proposed plan.	Include a definition for iwi/hapū environmental management plans in either the definitions section or the Tangata Whenua section of the plan and the outline their role/relevance in RMA decision making in the Tangata Whenua section.
