

# A Funding Pathways Resource

A table of potential funding sources (including FNDC-specific funds) to support kaupapa Māori-led adaptation initiatives.

This table provides an **example** of what might be included in potential funding applications. Includes eligibility details, application timelines, and priority areas. In addition to the table, funding applications will usually ask for quotes of materials requested, background to a project, and supporting documentation.

It includes eligibility details, application timeframes, priority areas, funding amounts, and contact points.

Funding Source	Eligibility Criteria	Priority Areas	Funding Amount	Application Timeline	Contact / Link
Te Puni Kōkiri Māori Development Fund	Māori groups, iwi, hapū	Community development, adaptation planning	Up to \$500,000	Quarterly funding rounds	<a href="#">Māori Development Fund</a>
